

Air Scrubber

MOBILE BY AERUS

WITH CERTIFIED SPACE TECHNOLOGY™

The Air Scrubber Mobile by Aerus with ActivePure® Technology Works to Eliminate the Competition!

FEATURES AND BENEFITS

1. Uses super oxide ions and hydro peroxides created by ActivePure® Technology to reduce contaminants
2. Negatively charged ions reduce microscopic particles from the air that will reduce allergens and harmful airborne pollutants
3. Contains a high intensity UVC light that makes use of the same oxidation and ionizing properties of light as naturally occurring sunlight
4. Touch sensitive settings to provide ease of operation and function
5. Multiple settings to customize and optimize the usage of the Air Scrubber Mobile by Aerus for multiple environments ranging from a small automobile, large R.V., hotel room or camper
6. Eliminates smoke, odors, and contaminants on surfaces in the areas where you spend a great deal of time
7. Reduces airborne contaminants and allergens - reducing asthma and allergy symptoms for a healthier body
8. Freshens air and removes odors in otherwise stale-prone environments
9. Reduces dirt and dust from the air to make cleaning easier

2017 Space Technology
Hall of Fame Inductee

The ActivePure® Technology built into each Air Scrubber Mobile by Aerus is based on a variation of the technology originally developed for use on the International Space Station and is recognized as the exclusive Certified Space Technology™ in its category
